

## TEMPMET

### GENERAL

Tempmet is a special high precision thermometer specially made for temperature calibration labs. The unmatched resolution of  $0.001^{\circ}\text{C}$  and sturdy working makes it a laboratory workhouse.

### SPECIFICATIONS

**Model No. :** C 3001

**Accuracy of RTD Measurement :**  $0.01^{\circ}\text{C}$

**Accuracy of T/C Measurement :**  $0.1^{\circ}\text{C}$

**Resolution of RTD :**  $0.001^{\circ}\text{C}$

**Resolution of T/C :**  $0.01^{\circ}\text{C}$

**Measuring Input :** 2 Channel

**T/C Input :** Type B, E, J, K, N, R, S, T

**RTD Input :** PT 100

**Units :**  $^{\circ}\text{C}$ ,  $^{\circ}\text{F}$ , Ohm

**Data Logging :** 6850 values

**Digital Communication :** RS - 232

**Battery :** Rechargeable Type
